ALIA Honours Board

A celebration of the individuals who have helped
to build and strengthen the Australian Library and
Information Association since 1937

First Edition September 2021

Introduction

Over the last 80-plus years, there have been many people who have helped shape the Association and the library and information science profession in Australia – award recipients, past Presidents, Honorary Members and Fellows. In this document, you will find their inspirational stories of leadership, innovation and achievement.

If you would like to update or amend individual entries or propose additions, please contact us via awards@alia.org.au. The criteria for inclusion are that people must be or have been members of the Association, have received formal recognition of their contribution from ALIA or the Governor General, or have had an ALIA award created in their name.

If you would like to see someone receive an honour, details are on the ALIA website or email awards@alia.org.au for advice about which award might be most appropriate.
